Navigating in the Dark.

Bad policy. Lots of people do it, but there's little if any excuse. People who trade here are not in the dark. We don't have trade tricks and secrets. We are always glad to tell people all about our goods. Where we buy them, how they are made, why they cost much or little, etc. The more light the better.

"And the nights shall be filled with music."

And the cares that infest the day Shall fold up their tents like the Arabs, And as silently steal away."

Longfellow knew the soothing power of music; he knew its grand influence for good. A home without a piano or music of some sort doesn't seem quite a home; something seems to be wanting. It's easy enough to have music in the house nowadays. Pocket your doubts, and come to us. We'll soon show you the way.

'Mysterious Aguinaldo.'

Manila, P. I., July 18.—The organ of the Filipino insurgents in Madrid printed an order from Aguinaldo, dated Palanan, January, which directs the execution of all American prisoners.

When questioned about this order today Aguinaldo denied the authorship of the order in question. He claimed that many orders had been issued by military officers in his name without his sanction.

The American military authorities have documentary evidence dated November, 1898, that insurgent leaders contemplated creating a Philippine monarchy and nobility. Aguinaldo, when questioned, declined to discuss the matter.
